Fitch Ratings PRO is a cutting-edge, multi-channel technology platform that delivers our data, research and tools to our clients in a way that ideally matches their current systems and workflows. Instantly get the information you need in a usable format. Reduce days of work to minutes and reduce the risks of manual data handling errors as our technology does the heavy lifting for you.

Web

Access the latest ratings data and research:

Our web portal offers a user-friendly way to explore and work with our data and research. Advanced Search provides a precise way to home in on the information you need. You can then save the search or add the relevant companies or countries to a portfolio, with custom fields and views for easy peer group comparison and tracking. Each company or country has a standard format entity page for easy navigation, whilst our Early Warning Signals tab and custom alerts ensure you never miss a change that could impact your decision making.

Excel Add-In

Make our data work harder: Pull our ratings, ESG, transition and default data into Excel via our Add In. Use our simple formula builder to manipulate the data with no specialist knowledge required, as our best practice techniques ensure you can draw down data at speed. Use pre-built templates to assess ratings data or custom-built templates that match your workflow to cut down the time you spend calculating and increase the time you dedicate to critical decisions.

API & Feeds

Use your own systems: Our Feeds and API channels integrate seamlessly with any third party or proprietary systems, allowing you to bring our ratings data and research into a familiar environment and work with it alongside information from other sources. All our products are available via API and all our data is available via Feeds.
