Sample Reports Include:

Full Rating Report

Published annually or event-driven, this report covers the credit profile of an individual issuer and includes key rating drivers, rating sensitivities, financials with adjustments and peers.

Ratings Navigator

A visual overview of the key quantitative and qualitative factors Fitch Ratings assesses to arrive at an entity's credit rating. This includes the new Environmental, Social and Governance (ESG) scoring system which factors in the impact of ESG on fundamental credit. The Ratings Navigator is employed as a key part of Fitch Ratings own internal rating process and clearly articulates how a rating is constructed.

Macro Risk & Capital Markets

The Macro-Prudential Risk Monitor updates the systemic risk indicators Fitch Ratings has published since 2005. Published bi-annually, the report aims to identify the build-up of potential stress in banking systems due to specific circumstances.

Peer Group Report

An overview of key credit themes for similar issuers in the same region offering comparisons of within the same peer group.

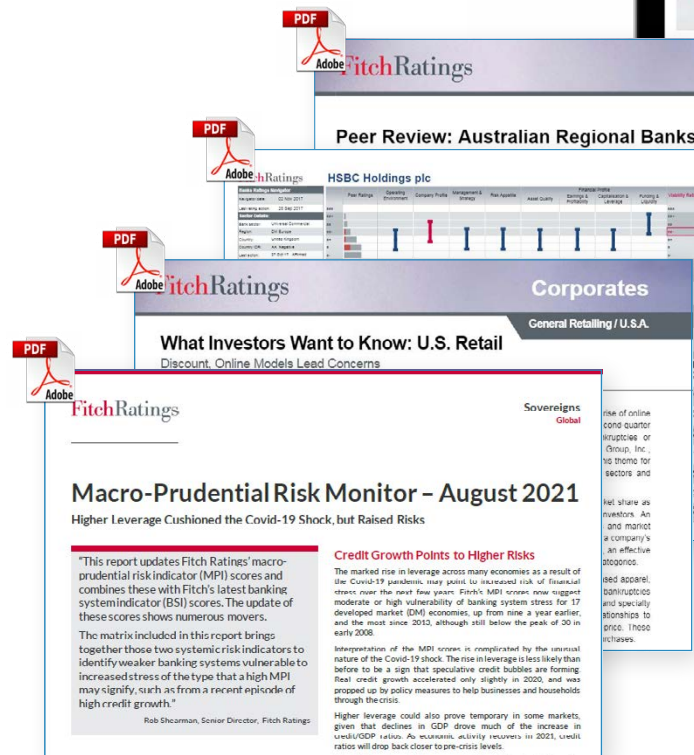

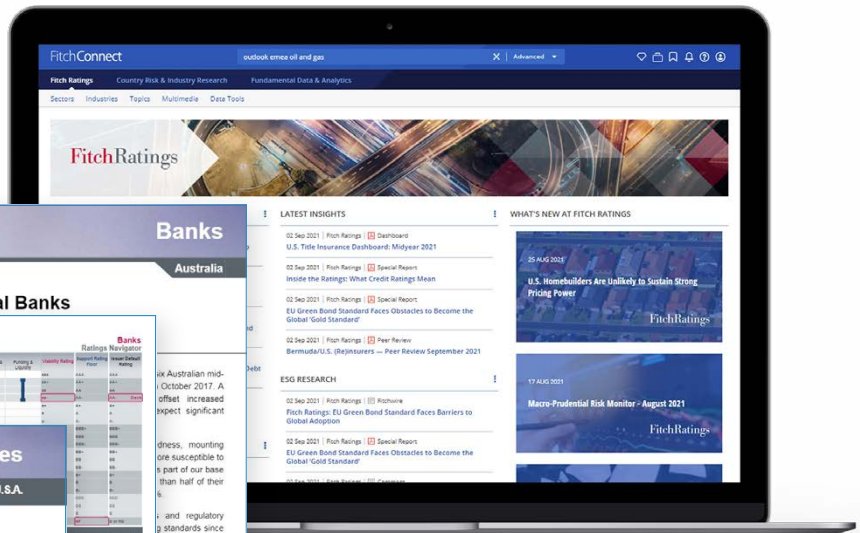

Special Reports

Reports on thematic issues and trends in sectors, regions and issuance, highlighting credit relevant topics and broader macro issues that may have potential credit impact.

Regional Overviews and Country Macro Updates

Regional Overviews highlight key themes and credit topics including country specific overview pages. Country Macro Updates provide commentary on key economic indicators for countries covered.
